

Pressure Washer:

Aqua Blast Electric/Natural Gas Pressure washer

- 4 GPM @ 3000 PSI
- NEMA 4 construction
- Schedule 80 steel coil w/stainless steel surround
- Adjustable temperature from ambient to 210°F
- Automatic Start/Stop
- 4 spray nozzles or adjustable nozzle
- Complete with 50 ft. steel braid pressure hose, insulated trigger gun, variable pressure wand and hardened stainless steel nozzle

Total Electric Pressure washer:

- No exhaust fumes or open flame -- excellent for coatings industry
- Hot water tank 304 stainless with 316 stainless heat exchanger insulated stainless tank.
- Pump 4GPM @ 3000 PSI using appropriate seals for phosphate.
- Automatic start and stop / shut down controlled by trigger gun activation.
- CSA approved / fully automatic
- Instant hot pressurized water / no warm up time required
- Thermostatically controlled heat exchanger with low water shut off exceptional temperature control.
- Variable Pressure and spray angle
- 48, 72 & 99 kW configured heat exchangers pressures to 4000 PSI available
- Complete with 50 ft. steel braid pressure hose, trigger gun, variable pressure wand and hardened stainless steel nozzle
